Granted Cases Heading Into Summer

Note: In OT04, the Court added an additional Conference at the end of June, on the last Monday of the Term, to consider relists. Thus, the final jump of 8 cases reflects the grant of 5 cases in Conference on June 23, 2005 and an additional 3 on June 27, 2005.

DIG

Roper (6-3)
*Toledo-Flores**

Otherwise Dismissed

Burton
Dayton
Claiborne

Cases colored in **red** had majorities formed by Kennedy plus the four more conservative members of the Court (Roberts, Scalia, Thomas, Alito).
 Cases colored in **blue** had majorities formed by Kennedy plus the four more liberal members of the Court (Stevens, Souter, Ginsburg, Breyer).

†After taking a closer look, we've reclassified *Limtiaco*, part of whose holding was unanimous and part of which was 5-4, as being better described as 5-4.

Final OT05

45 (52%)	5 (6%)	12 (14%)	13 (15%)	11 (13%)
-----------------	---------------	-----------------	-----------------	-----------------

-The per curiam dismissals in *Toledo-Flores* and *Claiborne* are not included in the voting breakdown. The summary reversals in *Rettele*, *Lance*, *Purcell*, and *Erickson* are. A look at which justices form the majority and the minority in all of the cases can be found at: http://dailywrit.com/?page_id=55.

-Detailed voting relationships between each pair of justices will be released immediately upon Term's end.

-Finally, it is worth noting that the timing of decisions issued in OT05 may have been affected by three cases that may have been decided earlier in that Term but needed to be reargued. All three of those ended up 5-4.

*Note that this issue was decided in *Lopez v. Gonzales*.

The Court's Workload in OT06

Cases Granted or Probable Jurisdiction Noted:	73
Dismissed Before Argument:	2
Hours of Argument:	71

Argued Merits Cases Disposed of (as of 6/18/07):	59
Non-merits Dispositions After Argument:	4
Expected Remaining Merits Opinions:	11
Expected Merits Opinions in OT06 After Argument*:	66
Summary Reversals of Non-Argued Cases:	4
Total Expected Merits Decisions:	70

Notes: These numbers assume that the two school integration cases, which were argued separately, will be decided with one majority opinion; it further assumes that no remaining consolidated cases which were argued in one hour (i.e. the campaign finance cases and *Defenders of Wildlife*) will be decided with multiple opinions. The total number of expected merits decisions also assumes that no additional summary reversals will be issued.

Thus, the final number of expected merits opinions after argument is calculated by taking the number of cases argued (71), subtracting the per curiam opinions or dismissals (-4), subtracting the number of times that cases argued separately were disposed of with one opinion (-2: *Carhart* and, presumably, the school integration cases), and adding the number of times that cases that were originally consolidated but disposed of with two majority opinions (+1: *Brewer* and *Abdul-Kabir*).
