Justice Agreement - Highs and Lows

The following tables list the Justice pairs with the highest and lowest agreement rates based on our three metrics for Justice agreement - *i.e.*, all cases, non-unanimous cases, and 5-4 cases only - when Justices agree in full, part, or judgment only. Non-unanimous cases are those in which at least one Justice dissented; cases that produced only a majority opinion and one or more concurring opinions are not included in that measure.
