Time Between Cert. Grant And Oral Argument

The following charts address the number of days between when the Court grants certiorari (or otherwise decides that a case should be argued), and when it hears oral argument in a given case. The typical briefing schedule outlined in the Court's rules allows for 112 days between argument and opinion. The Court typically seeks to avoid compressing the briefing schedule.

^{*} In cases that are on appeal to the Supreme Court, rather than on petition for writ of certiorari, the Court will rule on a statement of jurisdiction rather than on a cert. petition. Our charts treat those cases identically to those decided on cert. petitions, and the "Grant Date" indicates when the Court noted probable jurisdiction or postponed the determination of jurisdiction.
